PLATE WASHERS

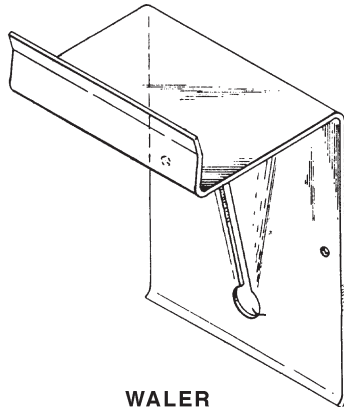

1/4" X 3-1/2" X 3-1/2" 9/16" Hole
1/4" X 3-1/2" X 3-1/2" 13/16" Hole

AVAILABLE WITH ANY SIZE BOLT DIAMETER
OTHER SIZES AVAILABLE ON REQUEST

FLAT

WALER

NAP'S CONCRETE FORMING SYSTEM

1. **Decreases material costs** by using less 2 x 4's than other forming systems. One row of walers per eight foot panel equals approximately two-thirds less lumber than other systems.
2. **No moving parts** means minimum losses on breakage and bending and each bracket or flat shoe has a full 30 square inches of coverage with a 5/8" take-up.
3. **Saves by standardizing tie sizes** using metal or plastic cones. Our unique design allows one snap tie size with either the flat shoe or waler bracket.
4. **Horizontal or vertical waling** as required. This demonstrates the versatility of our system.
5. **Works on various drill patterns** enabling the use of your own designs.
6. **Saves time on installations and stripping** and increases labor production thus saving money.
7. **No moving parts, less lumber, less labor, easy installations and stripping.** The key component to NAP'S CONCRETE FORMING SYSTEM is **SIMPLICITY**.

N.C. COUPLING NUT

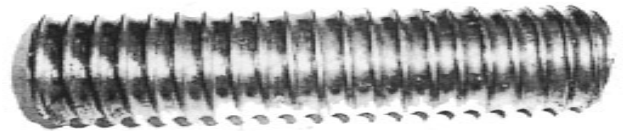

Hex Steel Coupling Nut

Sizes: 1/2", 5/8", 3/4", 7/8", & 1"
N.C. Thread

HI-TENSILE COIL ROD

- STOCKED IN 12 FOOT LENGTHS
- SPECIAL CUT LENGTHS AVAILABLE

Diameter	1/2"	3/4"	1"	1-1/4"
S.W.L.-Tension (lbs)	9,000	18,000	38,000	56,000
WEIGHT	53.0/CLF	115.0/CLF	204.0/CLF	347.0/CLF

Safe Working Load: 2 to 1

COIL NUTS

LEFT HAND COIL ROD & NUTS ARE AVAILABLE UPON SPECIAL REQUEST

COIL COUPLERS

CODE	SIZE	WEIGHT
COU012	1/2" X 2-1/2"	20.0/C
COU034	3/4" X 3"	40.0/C
COU100	1" X 4-1/2"	150.0/C
COU114	1-1/4" X 5-1/2"	280.0/C
